LETTER OF APPRECIATION

I am writing on behalf of the Principal and the Staff of Batandwa Ndondo SSS and the other pilot schools in Cala. This serves to express sincere gratitude and appreciation from Nelson Mandela University and iKamvelihle Development Trust for the extended invitation and for hosting during the Science Week Exhibition held at NMU.

Both the exhibition and the opening ceremony by the minister of science and technology Hon. Naledi Pandor were educational, instructive and beneficial to the learners and teachers alike. Our learners gained a lot through this experience.

Special thanks to;
M/s Milisa Piko who organised our accommodation and feeding needs.
Jabu who was always just a phone call away for any complaints/problems we had.

Thanks also to Bruce and Dr Msengana-Ndlela, for ensuring that everything was running smoothly. We appreciate your care and concern.

In the end we thank everybody who was involved in this exercise. We appreciate your effort and help you extended to us.

Yours Sincerely

A handwritten signature in black ink, appearing to read "S.T. Kyeswa".

Mr S.T. Kyeswa
(HOD - Science)

Mr N. Mancotywa
(Teacher - Maths and Science)
